How to get on course

It's very easy to book on a course with us and, of course, we are always happy to help if you have any questions.

How to book your place:

- Go to the Events page on our website and scroll through the list of courses until you find the one you want.
- Click on the course and then the Book now button.
- If you are a Member make sure you login first to access your special rate.
- If the workshop is full, you can be added to a waiting list.
- Reminders are sent out with the workshop activities 10 days before the event and again two days prior to the workshop.
- You will receive a certificate, course slides and any post-workshop information by email.

Workshops

Essential training courses from
the Homecare Association

Why train with us?

You want to grow, perform, and deliver the best possible service you can. We're here to help you achieve it.

Upskilling, training, and ensuring up-to-date knowledge are absolutely key in the homecare sector. They are essential to keeping on top of industry regulation and policy, and to retaining a high performing, committed workforce.

Training and development can be time-consuming and resource heavy, difficult to juggle alongside all the other responsibilities.

Which is where we come in.

Our reputable training programme covers subjects that care teams need to deliver high-quality care and management, compiled to make it easier for you to access what you need.

Every delegate who attends our training workshop receives a comprehensive training guide, covering course content and practical resources.

And, if you are a member of the Homecare Association, you will benefit from all this at a heavily discounted rate.

Our training provides reassurance that your teams will have the knowledge, skills and expertise to deliver high standards of care to your clients.

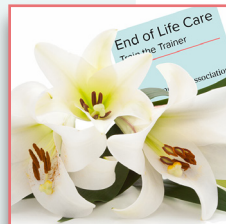

Our workshops

Our trainings are one day (9am-4.30pm), online, expert-led workshops that come with electronic resources. Some workshops are 'train the trainer' which are designed to enable you to train staff flexibly and cost-effectively, in-house.

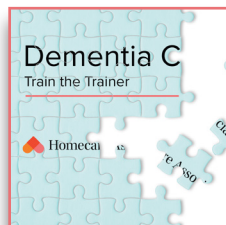

Medication *Train the trainer*

**Members £95
Non-members £195**
