

# Workforce Development Fund 2023-24

## Funded qualifications and learning

**Last updated April 2023**

All learning is claimed on completion of a qualification, learning programme or digital learning module and evidenced by a copy of the learner's certificate.

Funding is only available for the digital learning modules, learning programmes, qualifications and apprenticeships specified below.

A maximum of £2,000 can be claimed per learner per funding year. You can claim funding for the same learner in multiple funding years, to support their personal development and career progression.

**Important to note:** The courses below will all be funded during the 2023-24 financial year. However, some courses may be removed from WDF when a further fund to support training and professional development, as set out in the 'Next Steps to put People at the Heart of Care' is launched by government. When the new fund is launched new learners will be expected to claim through that route. Please note, any learners enrolled in eligible learning prior to the new fund being launched will remain eligible for WDF.
